Salary- Depending on age and experience.

Working hours – 14 Hours Contract, March*-October 2024. This will be higher at peak times. Flexibility will be required. Weekend work is expected.

Candidates should have the right to live and work in the UK, hold a current driving license and valid passport. We encourage development opportunities within our team.

Overview

The tender driver at HISC will provide a welcoming, friendly, professional tender service. The tender is a small displacement boat (Selene) that, when unavailable, it is replaced by a RIB. This provides a connection between HISC and members boats on the moorings. The tender is on a timetable and can be booked in advance, so you will need to be a well-organised timekeeper. The role is a versatile role that will be part of the wider marine team. The team ensures the smooth running of the Marine Department as well as being a key support role for the Marine Manager & Assistant Marine Manager. You will also act as a look out to raise the alarm for any water incidents. Most of the time, you will be providing the service during the day, but with the appropriate training, you will be driving in low light or at night.
